DIRECTOR'S MESSAGE

Today's libraries circulate a lot of items other than books. Over the years we've added e-books, laptops, hot spots, video games, and DVDs to our collections, and still, the most popular thing that people check out is print books.

Whether escaping to a fictional world of mystery, wonder, or romance or learning how to cook, crochet, or fix cars, books continue to be a beacon to many. The Pew Research Center reported that 65 percent of Americans have read a print book in the last year and Americans read an average of 12 books per year.

There is no better place to go to find book recommendations than the library. Our staff loves finding out what appeals to you so that they can suggest your next "great" read.

Prefer to explore book titles independently? Go to our website and click on [READ OUR BLOGS](#) for book reviews and recommendations. When you find something you like, simply click to place a hold and we'll email you when it is ready for pick-up.

If you were one of the Americans who read 12 books last year, and you checked them out of our library instead of buying them, you saved \$204. Find out exactly how much money your family saves by using the library – go to our website and click on the [LIBRARY VALUE CALCULATOR](#). This handy tool will tally your savings for items you check out or download as well as the programs or classes you attend.

We delivered \$8.3 million worth of books and other services to district residents last year – a Return on Investment of 275 percent compared to the library's annual operating budget of \$3 million — what a bargain for your property tax dollars!

And if you've missed out on these savings, come on in for a visit. Books from the library are a stress reliever for your brain AND your pocketbook. During National Library Week (April 9 through 15), check out a book of any kind, mention this article, and we'll give you a free book bag.

A Love for Reading

"The library has rekindled my love for reading. I was without a library for 20 years and stopped reading for pleasure. The easy access to old and new books plus daily newspapers has allowed me to explore new authors and stay current with world events. I'd forgotten how much I loved a good book to take me away from the stresses of every day."

ANNOUNCING TWO ADDITIONS TO THE FRVPLD FAMILY!

These adorable little foxes showed up at the Dundee Library one cold, winter morning looking for a place to warm up. When we discovered how much they loved stories, we knew the Fox River Valley Public Libraries would be a perfect place for them to call home. Now they need names and that's where you come in...

Submit your suggestions online at www.frvpld.info or in person at either library by March 31. We'll announce the winning names in time for National Library Week.

We sort donated books into categories in preparation of our two annual sales. And speaking of sales, we always need helping hands to setup, work at, and take down.
