Director's Message

This year, we're kicking off summer reading season with a fabulous family event on Wednesday, June 3 at 6 p.m. on the front lawn of the Dundee Library. Bring your lawn chairs or blanket and a picnic, and enjoy Dave Rudolf, a popular family entertainer. Lemonade, cookies, and popcorn will be provided by the Friends of FRVPLD. While you're here, sign up for our summer reading program. We have something for everyone—kids, teens, and adults—because reading during the summer is the key to school success.

Read to the Rhythm

June 1–July 25

Studies have shown that children who don't read over the summer can lose up to two grades of reading ability by the time they return to school in the fall. Adults, you can set the stage for success by letting the children in your life see you reading. We're here to make summer reading fun, so keep the enthusiasm going by attending lots of the free programs we're offering for children on pages 4 and 5.

WHAT DOES OUR COMMUNITY NEED?

That is the question that drives us. For more than a year we've been asking questions, looking at data, analyzing information, and assessing the needs of our library district.

We keep hearing the same things: our community needs more books and DVDs, plus study rooms, computers, classes, and programs. So, we brought in an expert consultant to quantify those needs.

In terms of materials, it turns out there's a very good reason our community is asking for more—our collections are seriously undersized for a library district as large as FRVPLD (70,000 people in 43 square miles).

	Currently at FRVPLD	Recommended (based on local best practices)
Books	124,638	260,000
DVDs and CDs	24,589	45,800
Magazines	130	175

Determining the specifics of study rooms, computer labs, and meeting spaces is the next step. We'll keep you posted as this process of identifying our community's needs continues.

Read to the Rhythm 3D Printing Contest

Design a stage for our band and win prizes!

Deadline is July 25

We fired up the 3D printer and created a band to “Read to the Rhythm”...the only problem is that they need a place to play. We need your help in designing a stage for our band.

The stage should be a maximum size of 3 inches tall, 3 inches long and 3 inches wide to accommodate our band. You may consider creating a detached roof as a separate file to allow you to print in 2 colors.

Prizes will be awarded to 1st place winners in each category: Grades 1 -5, Grades 6 -8, Grades 9 -12, age 18 and above.

To submit a design, visit the 3D Printing page at www.frvpld.info or stop by either library for the official 3D Print Request Form.
