

Diamond Painting Calavera Magnet

Included in this kit:

- calavera magnet
- pen tool
- wax piece
- separator tray
- diamond drills

How-To Diamond Paint:

1. Remove protective film
2. Select an envelope & pour diamond into tray. Shake tray lightly to separate. **Note: number/ letter on envelope corresponds to number/ letter on areas of the skull design.**
3. To use pen tool: press tip into the red wax piece then lightly press tip with wax onto diamond drill to pick it up
4. Place diamond onto shape with corresponding letter/ number.
5. Once finished, place on fridge or magnetic surface and admire!
