

FABLE

An App for Social Reading!

What Is Fable?

Fable is a combination social media, book-tracking app made just for readers. With Fable, you can join the bookish community by chatting, reading along, recommending, and tracking your goals virtually! Think Goodreads, but with more robust book club discussion features and personalized stats on your reading habits.

Why use Fable?

In addition to the many cool things mentioned above, Fable boasts a slew of cool features, such as:

- Ability to set a yearly reading goal and track your progress
- Save your reading history
- Personalized reader stats including:
 - Most-read genres and authors
 - Average book ratings
 - Reading streak
 - Monthly book breakdown
 - Book Aura
- Virtual book clubs!
