

## DUNDEE TOWNSHIP PUBLIC LIBRARY DISTRICT NEWSLETTER

Spring, 2004

### DIRECTOR'S COLUMN

As I settle into my new position, I realize how lucky the library is to have so many wonderful people in our community! Thanks to those of you who took time from your busy schedule to attend my welcoming reception. My door is always open to members of the community!

### Looking for a few good men and women.

The Board, staff and I are continually working to provide the best library resources and programs that we can but really need YOU to help us. We are looking to expand our Friends of the Library group and would like to RECRUIT YOU. Do you have a few hours a month to help us in our efforts? If you are interested please call me directly at (847) 428-3661 Ext. 202. We will begin to plan an organizational meeting in the next few weeks.

**Share your ideas.** I will be hosting "Donuts with the Director" Saturday April 24, 2004 from 10 a.m. until noon at the library, during National Library Week. Please come by to introduce yourself and meet a representative from the Library Board who will join me in hearing from our library patrons. These informal chats will be held quarterly throughout the year so please stop by for a few minutes. Also, take full advantage of the many "worldly" library activities taking place during National Library Week.

We will be holding more formal conversation in the form of focus groups in the coming months. We would like you to provide feedback in these forums too.

**Responding to community needs.** Two years ago we surveyed the community. The need for an off-site book drop was unanimous. As part of the Board of Trustees long range plans, the library is extending services to the west side with a new book drop and a storytime. Watch for news on these exciting new services on our web site, [www.dundeelibrary.info](http://www.dundeelibrary.info), and in future newsletter issues.

Elisa F. Topper, Library Director

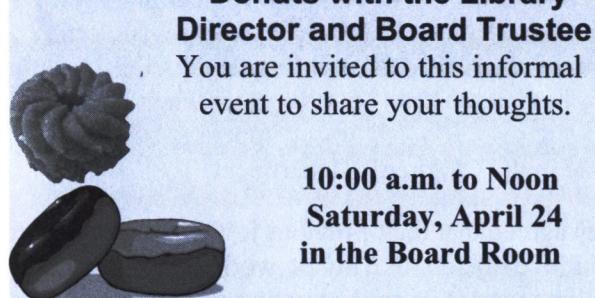

### Reading Tips for Parents

- Parents of newborns, go ahead and read to your infant, and keep reading as they grow. Children begin to develop language skills by listening to the spoken word.
- For parents of new readers, continue reading aloud to your child and vary the reading levels to build vocabulary.
- For multi-language families, remember that children retain their native language before learning a second language. Being bilingual is valuable.
- If you tire of reading aloud the same books over and over, don't fret. Keep in mind your child is learning patterns in the sounds.
- Encourage your child(ren) to read more and watch less tv, play outside to get exercise and to expand their imagination.
- Check out [The Read Aloud Handbook](#), by Jim Trelease JUV 372.6 on the parents shelf.

## **CELEBRATING 20 YEARS of Employment at the Dundee Township Public Library**

Two employees in the Children's Department, Kathy Stensing and Kathy Mitchell, have been mainstays at the library for 20 plus years. Neither started in the same job that they have now.

Kathy Mitchell, a former primary grade school teacher started part-time in Circulation before transferring to the Children's Department 1 1/2 years later. After Kathy

Kathy Stensing and Kathy Mitchell

Stensing completed her Early Childhood degree she worked part-time in the Adult Reference Department although she also wanted to work with children. Her patience paid off. She transferred 3 1/2 years later when a full time opening became

available in the Children's Department.

They agreed that their previous jobs were a good training base. "I love my job, like my co-workers and I have the best of both worlds," said Kathy Stensing.

**Changes seen.** In 1984 the library consisted of only one floor, except for the meeting room downstairs. Hard to believe? Can you imagine that you had less than ten videos to choose from? There were no CDs, DVDs, or computers.

Technotronics were not in major production at that time. How did anyone conduct research without a PDA, computer, and Internet? Research was conducted using several large card catalog files and volumes of "Readers' Guide to Periodical Literature" to find magazine articles.

**Role changes.** Kathy Stensing's role in Reference was to answer research questions, handle reader's advisory, and programming. When she transferred to the Children's Department she created the Tremendous Twos', a storytime for two year-olds.

Kathy Mitchell said the library is busier today. Twenty years ago there were fewer patrons so there were fewer programs. Previously the staff were the creators, planners, and actors in all their children's programs. But as far as services go she says, "The focus has remained the same... helping a child coming in looking for a good book, or (helping them) do research."
