Winter 2005/06

## Notes from Director

Long before the television show *Extreme Makeover: Home Edition* was in vogue, the library was planning for the remodeling of the bathrooms and making the building ADA accessible for everyone. This project was over four years in the making and we are pleased to announce that the project has been completed. Special thanks to the Board of Trustees, Shales McNutt Construction, Rick Gilmore, architect and the library staff for their assistance.

But a special thanks goes out to YOU—our library patrons that were patient with the noise and the dust while we were under construction. One glance at our new facilities will confirm that it was well worth the wait. Be sure to also notice the new signage throughout the building making it easier to identify departments and materials locations. In the coming year look for the makeover to continue with new furniture, tile and carpeting.

The theme of construction also makes one think of the construction that is taking place in the states where Hurricane Katrina hit and left many affected. In addition to the individuals who were victims many of those states' libraries were destroyed. Professionally, we are all coming together to assist these libraries. Our Friends of the Library group will hold a book sale on **Saturday, Nov. 19**. They have graciously decided to donate a portion of the profits from the sale to the American Library Association fund to aid these states in rebuilding their libraries.

Plan to attend this book sale and to make donations of gently used materials to the group for their sale.

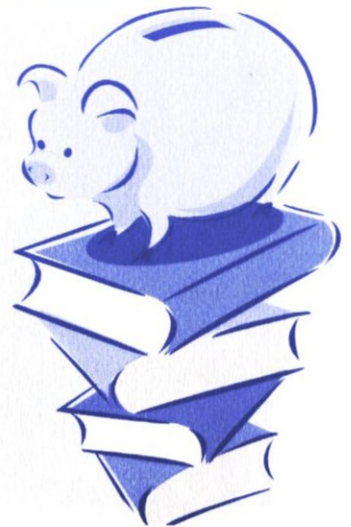

Seasons Greetings,

Elisa F. Topper, Library Director
