TECHNOLOGY OPENS THE DOOR FOR LIBRARY PATRONS

Visitors to the Dundee Township Public Library District are noticing more computers among the books, magazines, videos, CD's and cassettes. We have added more computers for word-processing, and have premiered our computerized card catalog which has access to not only our items, but the items of 23 other area libraries. We have found that you want your information faster and from more sources than ever before, and are looking to self-serve technologies to help. Look for more useful and friendly technology at the Library in the near future.

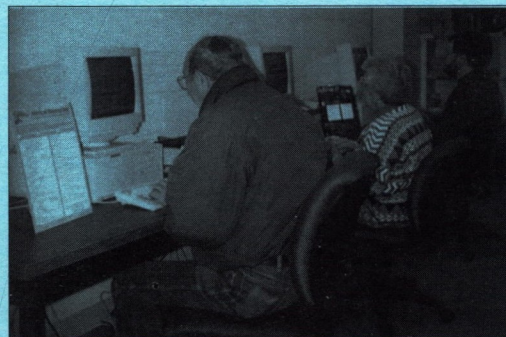

Three new computer database products have been added to the Library to assist you with the most requested information. *The American Business Disc* lists information about 10 million businesses, large and small, including organizations, government agencies, schools, hospitals and physicians. Patron can search and sort by name, location, zip code, subject, SIC code, Headquarters, size and sales.

Business patrons will find abstracts, reports, and forecasts for more than 11,000 companies and 53 industries ready for printing in the *General BusinessFile Select* computer. The database also gives directory listings for 150,000 companies and references to articles in 800 business related journals and newspapers.

The *Health Reference Center* database is a one stop information center for medical and health questions. You can easily find full text articles and pamphlets from reference books, medical journals, health pamphlets, and consumer magazines as well as references to articles in popular magazines.

These easy to use computer products are located near the Audio-Visual Department and are available to all patrons on a walk-in basis. Each computer workstation has a printer or you may also download information to your own IBM compatible 3 1/2 floppy disks. For more information, call the Reference Desk at 428-3661, #208.

You can now place your own holds on Dundee Township Public Library District items at the computerized card catalog using your Library Card. Easy instructions are at the catalog or at the public service desks.

❖from the Director

As you may have guessed from my previous columns, my major focus has always been to tell you what's new here in the Library. There is a lot to tell you, as the past few weeks have been very busy and productive. This time however, I hope that you will indulge me as I dedicate this column to a special volunteer.

Priorities! We all have them. We shuffle about daily struggling to complete everything on our "to do" list.. Our families, friends and our jobs demand so much of our time and energy.

Madge Swiderski has had the Library on her "to do" list for almost 10 years. You could often find this library volunteer working hard in the Children's Department, helping the staff prepare for one of our increasingly popular story hours or showing a child where the fun things are in the little people's corner. She was always cheerful, kind and a welcoming presence for everyone who visits the Library.

No task was too great or too small for Madge. She never turned down a project, even if it was cutting out little pumpkins! She has been dedicated

❖ *getting into the holiday spirit*

FOOD FOR FINES

For one week in December the Library will be conducting its annual "Food for Fines" amnesty program. If you have any overdue materials or owe a fine, a donation of food will clear your library card. Guidelines are as follows:

- ❖ Food will be collected from December 15 through December 21.
- ❖ Only non-perishable (canned or unopened boxed) items will be accepted.
- ❖ Only fines will be forgiven. Lost materials are not redeemable.

Items will go to the local F.I.S.H. ("Friends I Shall Help") pantry. Donations are also accepted from anyone who does not have any overdue materials or owes any fines.

MITTEN TREE

You don't have to keep your mitts off one of the trees in the Children's Department. You're invited to put them on every branch! Mittens hung on the MITTEN TREE will be donated to F.I.S.H. and the Dorothy DeLacey Family Education Center to distribute as needed. Mittens may be brought in Dec. 2-23.

BOOK TREE

Share the pleasure of books with families who cannot afford books of their own. Children or adults may bring a new, unwrapped children's book to the Children's Department. Your name will go on a special book ornament to be hung on the tree. The books will then go to F.I.S.H. and the Dorothy DeLacey Family Education Center. Books may be donated from Dec. 2-23.

❖ *from the director* (cont. from p. 1) and reliable. At age 85, she has given the library district over 1,000 hours of her own time.

Madge will be leaving us to bask in the sunlight at her new Florida home. We sure will miss her. As we scurry about trying to get the things done that Madge "used to do", we do so knowing and appreciating the fact that Madge made our jobs easier for many years.

From all of us here at the library and from the many people that you made smile when they visited us, thank you, Madge! You are truly a special person who cares about your community. We wish you much happiness and know that you'll make many new friends who will appreciate you the way we do.
