### WELCOME TO THE 21ST CENTURY LIBRARY

**A**n hourly update on the most recent "hot books" is available at Amazon.com. If you want to read *HARRY POTTER AND THE PRISONER OF AZKABAN* or *TUESDAYS WITH MORRIE* you are just a click away from purchasing it and having it delivered to your home. To find out the title of Celine Dion's new CD or Andrea Bocelli's latest you'll have no trouble downloading a list of music top sellers that includes these titles.

At the library we use the Internet to locate information for you. We are experienced Internet users and know what sites to access that have accurate and timely information. We subscribe to sites that provide magazine and newspaper articles as well as recent releases of videos, books on tape and CD's. Over 1000 patrons use the Internet stations in the library monthly!

The Internet is only one of many resources and materials you can enjoy during a visit to your public library. Visit China, New Zealand or places in Illinois you didn't know existed when you come for one of the slide/music tours presented by world travelers like Dave Toeppen or John Lynn.

Meet Mark Twain, Franklin Delano Roosevelt or Coco Chanel and learn interesting facts about them and the time they lived. Franklin the famous turtle and Harry Potter also have been known to make appearances.

Do you have a special antique and want to learn more about it? Why not come to one of the antique programs. Make and take crafts for children, graphic novels, numerous homework resources and storytimes

for toddlers are just a few of the great things that are going on at your library.

We may not be Amazon.com, but we have a nice collection of books, periodicals, videos, books on tape and CDs waiting to go home with you! We have a staff that is happy to assist you with your selections and get materials from other libraries if what you need is not available during your visit.

So, why visit the library when you have the Internet at home?

Unlike many sites that are here today and gone tomorrow, we will always be around. You know us and do not have to worry about whether or not the information we get for you is accurate. We are affordable, we have good hours, a spacious new parking lot, a welcoming atmosphere, and something for every member of your family.

In the coming months, we will be working with landscapers to improve the exterior of the building. The Library Board has also decided to make significant improvements inside of the building starting with the washrooms so that your visits will be more enjoyable.

We know you depend on us for information, entertaining programs and help understanding the Internet and its incredible offerings. We are reliable, can get you what you need and enjoy the challenge of serving you. You can be assured that we will continue to be here no matter what happens in cyberspace.

The Wall of Authors is a gallery of photos of children's authors on the stairway from the first floor to the lower level. The wall was a project initiated by retired head of the Children's Department, Mary Jo Wagner. "It's nice for a young reader to put a face to a familiar name or to see the name and face of an author you haven't read yet," says Mrs. Wagner. "Getting children reading is so important and this can encourage them to try new authors."

Adam Latella of Carpentersville views the "Children's Wall of Authors."
