## COMING IN MARCH! DUNDEE LIBRARY LAUNCHES NEW, SOCIAL-NETWORKING INSPIRED CATALOG

Finding books, movies, and music just got easier — and a lot more fun — at [www.dundeelibrary.info](http://www.dundeelibrary.info)!

The Dundee Township Public Library is implementing an innovative new online catalog to make finding library materials easier, faster, more intuitive, and a lot more fun. Leveraging social networking principles, the new catalog gives users improved features and functionality in a more user-friendly environment that is designed to help connect users with common interests.

Perhaps the biggest – and most exciting – change is that users will be able to add their own comments, reviews, and links to the library materials they are opinionated and passionate about. In turn, they will be able to view the remarks and recommendations made by others, thus creating a useful, interactive, and valuable resource.

Look for these functions when surfing the site!

**FIND.** Behind the scenes, a smarter search gives you better results. And the sleek, modern interface provides easy ways to narrow or expand your search, or browse for related items.

**EXPLORE.** Not sure what you're looking for? Peruse bestsellers, new additions to the collection, award winners or materials that are generating a lot of interest. You can also browse the shelves virtually.

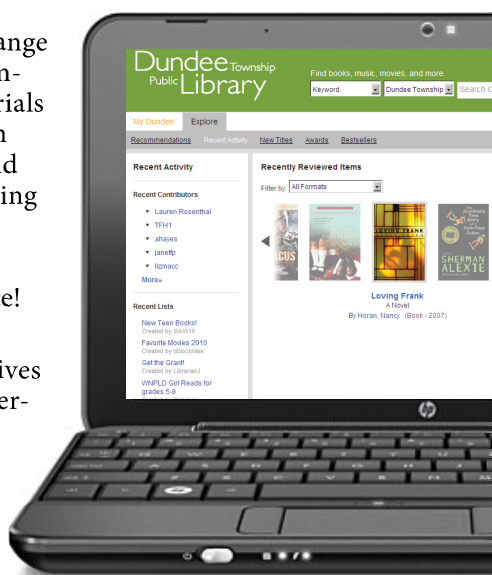

**SHARE.** Share your ratings, comments, tags and more with other users. Follow users with similar interests and tastes and get recommendations. You can also easily share your interests through your other accounts, like Facebook and Twitter.

**KEEP TRACK.** Use your three virtual shelves (Complete, In Progress, and For Later) to keep track of all things books, music, and movies. Next time you can't remember that title, you can check your shelves!

**CREATE.** Share your interests and enthusiasm about a topic by building lists to share within a community of users with similar tastes and interests.

**BORROW.** It's now even easier to place holds and renew items online!

We like to think of our web site and online catalog as a branch location of the library, located right at your fingertips – whether you're at home, work, or sitting at a coffee shop with your laptop. Please bookmark [www.dundeelibrary.info](http://www.dundeelibrary.info) and come on in!
