

IPLAR

As Secretary of State and State librarian, I commend our Illinois public libraries on the outstanding services they provide that enhance and enrich the lives of our citizens.

I truly appreciate the efforts and hard work of the 600+ Illinois public libraries in completing the Illinois Public Library Annual Report (IPLAR). The collected data provides a concise snapshot of the current status of Illinois public library services and programs. In addition, the collected information is shared nationally through the Federal-State Cooperative System (FSCS) for Public Library Data. As a result, Illinois librarians have the opportunity to compare themselves with their Illinois peers and librarians through-out the nation.

Again, thank you very much for your hard work in completing the current IPLAR, and for all the good work you do in keeping our patrons educated, entertained, and enlightened.

Sincerely, Jesse White

PERSONNEL (14.1 - 14.50)

Include all positions funded in the library's budget whether those positions are filled or not. Report position figures as of the last day of the fiscal year. Include only paid employees -- do NOT include volunteers.

Report personnel in the appropriate categories based on the type of library work being performed rather than on an employee's educational qualifications.

The FTE (full-time equivalent/employee) calculator utilizes the IMLS/PLSC national standard for a full-time work week as 40 hours per week. Illinois libraries should report each staff member's hours per week based on the number of hours worked. If your library considers 35-39+ hours per week as a full-time work week, then report using those figures. DO NOT inflate the hours your library considers as a full-time work week in order to force the resulting calculation to equal 1 FTE. For national comparison purposes, your library must report the total hours per week based on your local standard. For example, for an Illinois library that considers 37.5 hours per week as a full-time work week, the FTE calculation reported nationally will be .9375 or .94 rather than 1.00.
