Equal opportunity for all to learn, explore, imagine, create, and connect in a welcoming environment.

November 9, 2022

To: The Board of Trustees and Citizens of the Fox River Valley Public Library District

The Annual Comprehensive Financial Report (ACFR) for the Fox River Valley Public Library District (Library) for the fiscal year ended June 30, 2022, is hereby submitted. The ACFR has been prepared by the Library in accordance with the principles and standards for financial reporting set forth by the Governmental Accounting Standards Board (GASB), complies with generally accepted accounting principles (GAAP), and has been audited by the independent firm of Lauterbach & Amen, LLP.

The Public Library District Act of 1991 requires the Library to perform an annual audit and financial report, which conforms with Section 3 of the Governmental Account Audit Act (50 ILCS 310/2). For FY21/22, however, the Library recognizes the value added by a ACFR including a detailed introduction to the Library; information about each individual nonmajor fund; and statistical tables to demonstrate local trends.

Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Library. Strict internal controls ensure the Library's assets are protected from loss, theft, or misuse. Since the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. The data as presented is accurate in all material respects; fairly presents the financial position and results of operations of the Library as measured by the financial activity of its various funds; and provides the reader with relevant information needed to understand the Library's financial activities.

GAAP requires a Management Discussion and Analysis (MD&A) that includes a narrative introduction, overview, and analysis to accompany the financial statements. This letter of transmittal is meant to complement the MD&A and should be read in conjunction with it.

A Bit of History

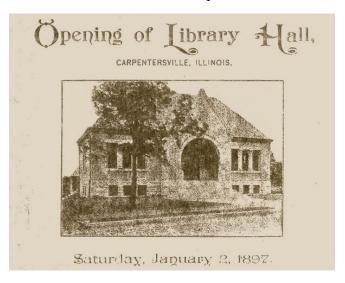

Library service in the Fox River Valley Public Library District grew out of two subscription libraries: the Carpentersville Library and the old Dundee Library.

The Carpentersville Library

In the 1850's a small collection of books was brought together by the Hand in Hand group of the Sons of Temperance into a small frame building located at Main and Grove Streets in Carpentersville called Library Hall. The Temperance organization jointly owned the building with the School District. The first Library resided upstairs while the Village School used the downstairs floor. In 1871, the School District sold their share of the building to the newly formed Carpentersville Literary and Library Association, who expanded the original collection of books and operated as a subscription library with members of the Literary and Library Association serving as volunteer librarians.

1871 was also the great Chicago Fire, and all of Chicago's various libraries were lost in the flames. Great Britain sent a donation of more than 8,000 books to Chicago, but no suitable building or organization existed to either receive or preserve them. The donation spurred state legislators to support the library bill and Gov. John M. Palmer – known as a champion of reading and education – signed the Illinois Library Act of 1872 into law. The bill called for municipalities to form a governing board, levy taxes, hire library staff and maintain a collection for the interests of the community. By 1876 Carpentersville had a tax supported Library – among the first in Illinois. And in 1883 Mrs. Lucia Gorman became the first paid librarian.

In 1895, Mrs. Mary Carpenter Lord, in memory of her deceased husband J.A. Carpenter, built and donated the Library Hall located at 21 Washington Street jointly to the Congregational Church and the Literary and Library Association of Carpentersville. This landmark, which was selected as a historic site by the State of Illinois in 1973 and is in the National Register of Historic Places, is the present Dundee Township Park District Administration Building.

The Old Dundee Library

Dundee Library had its beginnings in the early 1870's with a collection of approximately 50 books in English and German, organized through the efforts of Dr. E.F. Cleveland and Fred Haverkamp, who were leaders of several civic movements of the period. The young Dr. Cleveland was a scholarly individual who deplored the lack of cultural institutions in the community. Mr. Haverkamp, a self-educated man who emigrated from Germany at age 17 to

become a successful merchant in Dundee, held strong convictions regarding the Temperance Movement and hoped to provide for the young people in the community some center of activity other than the local saloons.

The first Dundee Library was housed in the Allan Hollister real estate and insurance office, a small frame building which stood at the corner of Main and First Streets. With the building of the drug store adjacent to this site, the library was moved into the combination offices and drug store of Drs. Cleveland and Test. Young Henry Baumann, druggist apprentice, served as librarian. He later became owner of the drug store and served for many years as librarian and president of the Board of Trustees. During the 1890s, the books were located on a balcony at the rear of his store and were reached by use of a library ladder.

During these early years, the library's holdings were listed on printed leaflets entitled "Dundee Public Library Catalogue." The catalogue of 1884 lists 1,120 books, which included 223 books printed in German. It is believed the German books were disposed of with the move across Main Street to the Opera House Building in 1900. The Opera House of that era was a center for community activities and celebrations as well as a theater where professional and amateur theatricals were staged. Here the library had its home on the second floor in one of several rooms which had been planned as offices.

In 1909 it became necessary to find new quarters for the library to make way for the new telephone switchboard and office to be installed in the Opera House. A committee appointed to seek the construction of a building to house both the library and the Dundee village offices

In 1910 the library was moved into quarters on the first floor of the new Dundee Village Hall (the current West Dundee Village Hall). By the early 1920's the library had outgrown its limited space in one room on the first floor of Village Hall, and it was moved upstairs to occupy one half

of the second-floor space. In its expanded second floor space, by 1929 the book collection had grown to 6012 and library patrons totaled 1,296.

By 1937 the Dundee Library qualified for government assistance in bringing the reference collection and circulating book collection up to date and in setting up a subject heading card catalog. Also at this time the juvenile department was organized and outfitted, open access to book stacks for the public was instituted, and a small

reference and community meeting room was furnished. When the library held an open house at the time of this expansion and renovation, the book collection totaled 10,000.

¹ First failed attempt at building a new tax-supported library building - 1909

With the increasing growth of the community during the 1950's the Library Board, under the direction of Joseph Estes, stepped up efforts to provide a larger home for the library. One who foresaw this need and worked tirelessly toward this goal was Mrs. Ruth Wendt, who retired from the Library Board in 1963 after 26 years of devoted service. In 1958, plans were presented for a proposed library to be built facing the Fox River on Lincoln Avenue in West Dundee. A \$175,000 referendum was defeated.² At this time the Dundee Library was serving 3,500 active patrons, with a staff of 3 full time librarians and a collection of 12,000 volumes.

The Two Become One

In 1959 the Dundee Library merged with the Carpentersville Literary and Library Association to form the Dundee Township Library, with the main library at 21 Washington Street in Carpentersville and the branch in the West Dundee Village Hall.

In 1962 the Brinkerhoff-Hall house, a Victorian building located at 218 W. Main St., Dundee,

became the first building owned by the Dundee Township Library. Under the direction of Head Librarian Alice Herron, the library increased its services during the years at this location. Recordings, films, foreign language materials, and books for the visually impaired became available. The library sponsored Great Books discussion groups and book reviews and worked closely with the schools to alleviate shortages of books available in local school libraries during this period. This expansion in materials and services, combined with the rapidly growing community, quickly proved the old Victorian building inadequate to serve population's needs.

Under the leadership of Board President John Snow the Library Board continued its resolute efforts to provide adequate library facilities. Several sites for a new building were proposed. These included a proposed Bridge Library spanning the Fox River between East and West Dundee. While this proposal was architecturally beautiful the cost of \$1,300,000 proved prohibitive.³ A simpler plan to add a wing to the existing library building on Main Street and erect a branch library in the Meadowdale area of Carpentersville was conceived, but the \$350,000 referendum was defeated in 1965.⁴

The Dundee Township Library boundaries encompassed Dundee Township, but villages in Rutland Township had no library service and used the Dundee Township Library. So in November 1967 the Library Board voted to convert to a District Library and filed the resolution with Kane County. On December 21, members of the Library Board appeared before the Circuit Judge and were granted permission to become a Library District as of March 1, 1968. However, during building planning the bond firm of Chapman and Cutler questioned the legality of a taxing body created without a public vote, and they would not handle the sale of municipal bonds, causing the Library Board to question the resolution. In February 1968, two weeks before

² Second failed attempt at building a new tax-supported library building - 1958

³ Third failed attempt at building a new tax-supported library building - 1962

⁴ Fourth failed attempt at building a new tax-supported library building - 1965

the conversion, the Library Board rescinded the resolution and remained a Township Library. Certain of their legality to issue municipal bonds in November 1968 the Library Board went to referendum for \$749,000 but it was defeated.⁵ That same year, to ease crowding, a portable building was erected adjoining the library and the entire adult non-fiction collection moved into it.

Dundee Township Funds the Building

In 1971 the Library Board established a Building Fund toward the time when both community support and a feasible library site might become available. In 1973 the Library Board set goals based on population size: 25,000 square feet of space was needed currently, and for a projected population of 60,000 to 65,000 in 1990 the Library should have 40,00 to 45,000 square feet of space. In the summer of 1973 2.5 acres on Route 68 in East Dundee was purchased. The building on Main Street was sold and the proceeds were added to the Building Fund. Dundee Township provided Federal Revenue Sharing Funds and the new library was built without a bond issue or tax increase. In October 1975 the Dundee Library opened with 25,000 square feet in its current location 555 Barrington Avenue in East Dundee.

In 1981 the Library Board again sought to convert from Township Library to District Library, and the proposed ballot question (which did not include a tax increase question) was approved by voters – the first and only library referendum to be approved by voters. However, the result of conversion from Township to District Library permitted the Library Board to increase the maximum rate from .13 to .15 per \$100 of assessed valuation.⁶

Population growth continued, and the Library struggled to provide service within its tax rate. In November 1987 the Board asked residents to approve a property tax increase from 15 cents to 21 cents per \$100 of assessed valuation for operating expenses, but the referendum was defeated. After reducing operating hours to save money, the request was reduced to 20 cents in spring 1988 and was again defeated. 8

⁵ Fifth failed attempt at building a new tax-supported library building - 1968

⁶ Only library referendum approved by voters – no tax increase question - 1981

⁷ First failed attempt at increasing the operating tax rate - 1987

⁸ Second failed attempt at increasing the operating tax rate - 1988

In 1991 Public Act 87-17 reduced the taxing ability of districts: Property Tax Extension Limitation Law (PTELL) reduced the amount of increase in the total levy to the rate of inflation or 5%, whichever was less. As a result, the Library property tax rate decreased annually from 1992 to 1996.

In March 1994 the Library Board annexed approximately one-third of the property in Rutland Township into the Library District which included the village of Gilberts, expanding the total geography by 30%. The annexed property provided additional – and much needed – revenues. However, the decade ended with the Dundee Township Library District still housed in 25,000 square feet despite serving 55,000 residents.

Still Looking for a 21st Century Library Space

The growth in residential and commercial construction over the next 15 years provided an adequate revenue stream for operations, but population grew to 70,000 in 2010. During this time the Library Board decided not to plan for space commensurate with population. Patrons – especially in Rutland Township – expressed a desire for service closer to their homes.

In 2012 the Randall Oaks branch opened in a 5,000 square foot leased space in the Randall Oaks Recreation Center via a cooperative arrangement with the Dundee Township Park District, providing service more centrally located within the geography of the Library District. The 5-year lease permitted two additional 5-year extensions, so the end date for the current lease will be in 2027. In conjunction with this expansion the Dundee Township Library District's name changed to Fox River Valley Public Library District to more accurately reflect the residents of both Dundee and Rutland Townships. In 2013 Dundee Township moved their offices to a new location, freeing up 5,000 square feet of space for the Dundee Library to expand into bringing total square footage to 35,000.

Plans for expansion of the Dundee Library location, as well as construction of a permanent library on the west side of the Fox River, were crafted. A new building adjacent to the Randall Oaks Recreation Center would provide central geographic service. However, a November 2016 referendum to increase the PTELL limiting rate from 21 cents to 42 cents was defeated.⁹

Despite the 2016 referendum failure, residential and commercial construction continued and population in Rutland Township grew. Residents expressed a desire for expanded library service, but preferred an existing vacant building be used instead of new construction. All vacant real estate west of the Fox River was examined, and the former Dominick's at the corner of Randall and Huntley roads was preferred. However, negotiations with the building's owners failed to produce a viable agreement and the Fox River Valley Public Library District ends 2020 with no plans for expansion.

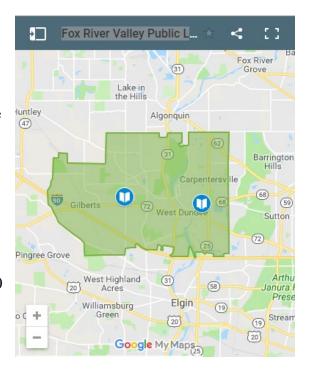

8

⁹ Sixth failed attempt at building a new tax-supported library building - 2016

Profile of the Library Today

The Fox River Valley Public Library District (FRVPLD) is as diverse as is it is large, serving approximately 71,500 residents in northeastern Kane County, Illinois. Straddling the Fox River, the Library primarily serves the entire villages of East Dundee, West Dundee, Carpentersville, Sleepy Hollow, and Gilberts, as well as parts of Algonquin, Barrington Hills, and Elgin. By population served FRVPLD is the seventh largest library district in Illinois.

The geographical boundaries of the FRVPLD closely resemble those of Community Unit School District 300 which consists of 25 public schools and more than 20,000 students (one of the largest school districts in Illinois), as well as several private and charter schools. Library programming and resources are often curated with these students in mind. Teachers in the district are eligible for

library cards with extended check out period for books, and each year, every second-grade class in the district take a field trip to the Dundee Library.

Today the Library has two locations. The Dundee Library in East Dundee is located on the east side of the Fox River and serves as a 30,000 square foot main library. The 5,000 square foot branch library, Randall Oaks, resides west of the Fox River. The Library's mission is to provide "equal opportunity for all to learn, explore, imagine, create, and connect in a welcoming environment," with Core Values of:

- Community and Customer Service
- Diversity
- Intellectual Freedom
- Fiscal Responsibility
- Transparent Governance

Organized and operating under the provisions of the Public Library District Act, the Library is considered to be a primary government and provides a full range of informational and recreational materials and activities. The Library levies property taxes on real property within its boundaries, and is governed by a seven-member Board of Trustees serving staggered, four-year elected terms. The Library does not have any component units nor is it considered to be a component unit of another primary government. The Library Director oversees day-to-day operations including approximately 60 staff members.

The Library participates in the Illinois Municipal Retirement Fund (IMRF); Libraries of Illinois Risk Agency (LIRA); Wellness Insurance Network (WIN); and Cooperative Computer Services (CCS). These organizations are:

- 1. legally separate organized entities
- 2. fiscally independent of the Library

3. governed by their own boards.

Audited financial statements for these organizations are not included in this report. However, such statements are available upon request from their respective business offices.

Legal Level of Budgetary Control

Government Accounting, Auditing, and Financial Reporting defines the "legal level of budgetary control" as "the level at which spending in excess of budgeted amounts would be a violation of law." Illinois Budget Law, 50 ILCS 330/1 et. Seq., as amended, requires all Illinois municipal corporations to adopt a Combined Annual Budget and Appropriation Ordinance specifying the objects and purposes of expenditures; and the Illinois Public Library District Act, 75 ILCS 15/3-1 and 15/4-15, provides procedures for the passage of a Budget and Appropriation Ordinance and a Tax Levy Ordinance. To calculate the appropriation, first the Library created a working budget, which the board approved on June 15,2021 for FY21/22. The Executive Director is responsible for ensuring that annual spending does not exceed the working budget. A small multiplication factor is added to the working budget to calculate the appropriation, which specifies the maximum amount which can be legally expended by the Library in the current fiscal year if sufficient funds are available. The appropriation outlines the objects and purposes of expenditures by fund, broken into six broad categories: personnel services and benefits, library materials, operations, utilities, building & maintenance, and capital. The Library cannot overspend any of these categories by swapping out between them: each is a distinct limit. The legal level of budgetary control is at the object level. The Board must pass an ordinance amending the appropriation in order to exceed any of these amounts, or to reallocate from one to another.

The budget as presented in the FY21/22 ACFR is the appropriation, which was passed by the board September 21, 2021 as Ordinance 2021-14 and filed with Kane County in October 2021. The board passed no ordinances amending the appropriation.

Authority to Spend

The Executive Director is authorized to spend up to \$10,000 on individual purchases or contracts without prior Board approval and may delegate spending authority within this limit to staff. The Board must authorize all purchases and contracts of \$10,000 or more including all multi-year contracts whose cumulative value equals or exceeds \$10,000.

COVID-19 in FY21/22

While the COVID-19 pandemic remained active throughout the year, both libraries were able to provide continuous service to the public without temporary closures. Fiscal Year 21-21 marks the first year during the pandemic where the library did not have to close due to emergency restrictions. Because of this, library services statistics have begun to make a recovery from the pandemic.

FY21/22 Statistics

- The Dundee Library was open 3,396 hours and the Randall Oaks Library was open 3,226 hours
- Funds are safeguarded using a \$1,950,000 Surety bond, with the Treasurer as designated custodian
- 23,760 registered cardholders
- 129,433 physical materials owned plus 1,000,000+ electronic items available
- 404,618 materials loaned last year, an 18% increase from FY2021.
- 656 live programs hosted last year, serving 8,737 patrons. Program attendance doubled from the previous year.
- 156 passive programs hosted last year, serving 14,017 patrons
- 7,178 items delivered via home delivery services
- 341 one-on-one instruction sessions, assisting patrons with detailed computer and technology questions

Awards and Acknowledgements

The Library District received the Certificate of Achievement for Excellence in Financial Reports for FY20/21.

Preparation of the Annual Comprehensive Financial Report was made possible by the Library's dedicated staff. The Library's success is a result of their contributions not only to this report, but also for their commitment to understanding and following Library policies and procedures, to ensure the high integrity of the information presented in this financial report. Thanks also to the Board of Trustees for leadership and support in the financial operations and policies of the Fox River Valley Public Library District.

Sincerely,

Amy Dodson

Executive Library Director

INDEPENDENT AUDITORS' REPORT

This section includes the opinion of the Library's independent auditing firm.

INDEPENDENT AUDITOR'S REPORT

November 9, 2022

Members of the Board of Trustees Fox River Valley Public Library District Dundee, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Fox River Valley Public Library District, Illinois, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Library's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Fox River Valley Public Library District, Illinois, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Library, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Fox River Valley Public Library District, Illinois November 9, 2022 Page 2

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Library's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedules, and GASB-required pension reporting, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Fox River Valley Public Library District, Illinois November 9, 2022 Page 3

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Fox River Valley Public Library District, Illinois' basic financial statements. The other supplementary information is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis June 30, 2022

Our discussion and analysis of the Fox River Valley Public Library District's financial performance provides an overview of the Library's financial activities for the fiscal year ended June 30, 2022. Please read it in conjunction with the Library's financial statements which can be found in the basic financial statements section of this report.

FINANCIAL HIGHLIGHTS

- The Library's net position increased from \$7,607,748 to \$8,087,633 an increase of \$479,885 or 6.3 percent.
- During the year, government-wide revenues totaled \$4,031,651 while government-wide expenses totaled \$3,551,766, resulting in an increase to net position of \$479,885.
- Total fund balance for the governmental funds were \$6,757,145 at June 30, 2022 compared to \$6,378,865 prior year balance, an increase of \$378,280 or 6.0 percent.

USING THIS ANNUAL FINANCIAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the Library as a whole and present a longer-term view of the Library's finances.

Fund financial statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Library's operation in more detail than the government-wide statements by providing information about the Library's most significant funds.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Library's finances, in a matter similar to a private-sector business.

The Statement of Net Position reports information on all of the Library's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Library is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the Library's property tax base, is needed to assess the overall health of the Library.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Management's Discussion and Analysis June 30, 2022

USING THIS ANNUAL FINANCIAL REPORT – Continued

Government-Wide Financial Statements – Continued

Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

Both of the government-wide financial statements report functions of the Library that are principally supported by taxes and charges for services revenues (governmental activities). The governmental activities of the Library include public library.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Library, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Library only maintains governmental funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Library's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Library maintains three individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and Capital Project/Special Reserve Fund, which are considered major funds. The Working Cash Fund is the one nonmajor fund of the Library.

The Library adopts an annual appropriated budget for all of the governmental funds, except the Working Cash Fund. A budgetary comparison schedule for these funds has been provided to demonstrate compliance with this budget.

Management's Discussion and Analysis June 30, 2022

USING THIS ANNUAL FINANCIAL REPORT – Continued

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Library's I.M.R.F. employee pension obligations and budgetary comparison schedules for the General Fund. The combining statements referred to earlier in connection with non-major governmental funds is presented immediately following the required supplementary information on pensions.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Library, assets/deferred outflows exceeded liabilities/deferred inflows by \$8,087,633.

| | Net Position | | |
|------------------------------------|--------------|------------|------------|
| | | 2022 | 2021 |
| | | | _ |
| Current Assets | \$ | 11,205,369 | 10,065,748 |
| Capital Assets | | 1,637,578 | 1,797,227 |
| Total Assets | | 12,842,947 | 11,862,975 |
| Deferred Outflows | | 156,858 | 359,325 |
| Total Assets/Deferred Outflows | | 12,999,805 | 12,222,300 |
| | | | |
| Long-Term Debt Outstanding | | 63,529 | 266,084 |
| Other Liabilities | | 89,650 | 61,582 |
| Total Liabilities | | 153,179 | 327,666 |
| Deferred Inflows | | 4,758,993 | 4,286,886 |
| Total Liabilities/Deferred Inflows | | 4,912,172 | 4,614,552 |

| Restricted | | 158,073 | 413,835 |
| Unrestricted | | 6,291,982 | 5,396,686 |
| | | | |
| Total Net Position | | 8,087,633 | 7,607,748 |

Management's Discussion and Analysis June 30, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

A large portion of the Library's net position (20.2 percent) reflects its investment in capital assets (for example, land, buildings, vehicles, and equipment). The Library uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion (2.0 percent) of the Library's net position represents resources that are subject to external restrictions on how they may be used. The Library has restrictions for Donations and Working Cash. The remaining \$6,291,982, or 77.8 percent, designated as unrestricted net position is available for a variety of uses including a) compliance with the Library's policy to maintain a General Fund unrestricted balance of no less than three months nor more than twelve months for operating expenditures (at 6.9 months) and b) transferring a portion to the Capital Projects/Special Reserve Fund for commitment to future renovation, expansion, and capital needs.

| | Change in Net Position | | |
|-------------------------------------|------------------------|-----------|--|
| | 2022 | 2021 | |
| Revenues | | | |
| Program Revenues | | | |
| Charges for Services | \$ 130,230 | 74,937 | |
| Operating Grants/Contributions | 118,313 | 152,573 | |
| General Revenues | | | |
| Taxes | | | |
| Property Taxes | 3,636,043 | 3,487,069 | |
| Intergovernmental | | | |
| Personal Property Replacement Taxes | 142,459 | 65,356 | |
| Investment Income (Loss) | (4,126) | 1,013 | |
| Miscellaneous | 8,732 | 28,450 | |
| Total Revenues | 4,031,651 | 3,809,398 | |
| Expenses | | | |
| General Government | 3,551,766 | 3,204,663 | |
| Change in Net Position | 479,885 | 604,735 | |
| Net Position - Beginning | 7,607,748 | 7,003,013 | |
| Net Position - Ending | 8,087,633 | 7,607,748 | |

Revenues of \$4,031,651 exceeded expenses of \$3,551,766, resulting in the increase to net position in the current year of \$479,885, primarily due to increases to charges for services and property taxes of \$55,293 and \$148,974, respectively.

Management's Discussion and Analysis June 30, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

Governmental Activities

In the current year, governmental net position increased \$479,885, an increase of 6.3 percent.

Revenues increased \$222,253 or 5.8 percent (\$4,031,651 compared to \$3,809,398 in 2021). Property Taxes increased \$148,974 or 4.3 percent. Charges for Services increased \$55,293 (\$74,937 in 2021 compared to \$130,230 in 2022). Investment income (loss) decreased \$5,139. Miscellaneous revenue decreased \$19,718 (\$8,732 compared to \$28,450 in 2021).

Expenses increased \$347,103 or 10.8 percent from the prior year (\$3,204,663 in 2021 compared to \$3,551,766 in 2022). The Library recognized pension expense of \$68,418 in 2021 and a pension revenue of \$98,850 in 2022.

While Net Position increased \$479,885, Fund Balance increased \$378,280 or 6.0%.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Library uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the Library's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the governmental funds reported combined ending fund balances of \$6,757,145, which is \$378,280 or 6.0 percent higher than last year's ending fund balance of \$6,378,865.

The General Fund reported an increase of \$568,992 due to increased revenues from license plate renewals and printer/copier revenue. Overall, increases in revenues were offset by increased expenditures in maintenance and equipment. Property taxes increased \$148,974 or 4.3 percent due to increases in the rate setting EAV (8%) and new construction in the district (16.5% increase over FY2021).

The Capital Project/Special Reserve Fund reported a decrease of \$190,402 due to several planned capital projects being completed during the fiscal year.

Management's Discussion and Analysis June 30, 2022

GENERAL FUND BUDGETARY HIGHLIGHTS

During the year, there were no supplemental amendments made to the budget for the General Fund.

The General Fund actual revenues were higher than budgeted revenues. Actual revenues for the current year were \$4,045,046, compared to budgeted revenues of \$3,907,017. This resulted primarily from personal property replacement taxes and charges for services coming in significantly over budget.

The General Fund actual expenditures were lower than budgeted expenditures by \$865,921 or 19.9 percent. Actual expenditures totaled \$3,476,054, while budgeted expenditures totaled \$4,341,975. This was due primarily to substantial savings realized versus the budget expenditures, primarily in the areas of operating expenditures (\$569,560), personnel and benefits (\$185,049), and library materials (\$74,019).

CAPITAL ASSETS

The Library's investment in capital assets for its governmental activities as of June 30, 2022 was \$1,637,578 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, land improvements, furniture and equipment, vehicle, and books and library materials.

The total decrease in the Library's investment in capital assets for the current fiscal year was \$159,649. This overall decrease is due to \$381,515 of capital asset additions, depreciation expense of \$507,660, and a net capital asset disposal of \$33,222 for the year.

| | Capital Assets - Net of Depreciation | | |
|-----------------------------|--------------------------------------|-----------|--|
| | 2022 | 2021 | |
| Land | \$ 58,000 | 58,000 | |
| Buildings and Improvements | 539,655 | 666,499 | |
| Land Improvements | 45,295 | 32,408 | |
| Furniture and Equipment | 69,222 | 119,761 | |
| Vehicle | 3,304 | 5,508 | |
| Books and Library Materials | 922,102 | 915,051 | |
| Totals | 1,637,578 | 1,797,227 | |

This year the Library had \$53,640 in land improvement and \$327,875 in books and library materials capital asset additions.

Additional information on the Library's capital assets can be found in Note 3 of this report.

Management's Discussion and Analysis June 30, 2022

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Library's elected and appointed officials considered many factors when setting the fiscal-year 2023 budget, including revenue considerations such as property tax rates, reduced interest income, loss of revenue from fines and fees, and additional revenue from license plate renewals; and expenditure changes such as increased minimum wage and increase. An increase in the salary scale considering the \$13.00 minimum wage effective 7/1/2022 as well as plans to add more full-time staff and efforts to expand staffing-levels caused an 17% increase in the salary budget; materials expenditures in the working budget increased only 2% due to a lack of collection space at both libraries; and building expenditures in the working budget increased 3% to continue to address capital projects needed for our aging 50-year-old main branch location. High inflation this fiscal year caused an increase in most budget categories.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Library's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Fox River Valley Public Library District, 555 Barrington Avenue, Dundee, Illinois 60118.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Fox River Valley Public Library District (Library) of Illinois serves nearly 70,000 residents in the communities of East Dundee, West Dundee, Carpentersville, Gilberts, Sleepy Hollow, and parts of Algonquin, Barrington Hills, and Elgin. Formerly known as the Dundee Township Public Library District, the Library's history as a tax supported entity reaches back to the 1870's. The purpose of the Library is to provide an environment of intellectual freedom for the diverse community it serves by providing the services, programs, materials and information needed to remember the past, live in the present and strive for the future.

REPORTING ENTITY

In determining the financial reporting entity, the Library complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34," and includes all component units that have a significant operational or financial relationship with the Library. Based upon the criteria set forth in the GASB Statement No. 61, there are no component units included in the reporting entity.

BASIS OF PRESENTATION

Government-Wide Statements

The Library's basic financial statements include both government-wide (reporting the Library as a whole) and fund financial statements (reporting the Library's major funds). The Library only reports governmental activities.

In the government-wide Statement of Net Position, the governmental activities is (a) presented on a consolidated basis, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The Library's net position is reported in three parts: net investment in capital assets, restricted; and unrestricted. The Library first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Library's functions. The functions are supported by general government revenues (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function) are normally covered by general revenue (property and personal property replacement taxes, certain intergovernmental revenues, interest income, etc.).

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Government-Wide Statements – Continued

The Library does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the Library as an entity and the change in the Library's net position resulting from the current year's activities.

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Library:

General fund is the general operating fund of the Library. It accounts for all revenues and expenditures of the Library which are not accounted for in other funds. The General Fund is a major fund.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Library maintains one Capital Projects Fund. The Special Reserve Fund, a major fund, is used to account for capital improvements of the Library.

Permanent funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs, that is, for the benefit of the government or its citizenry. The Library maintains one nonmajor permanent fund.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental funds are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus is utilized.

The accounting objectives of the "economic resources" measurement focus is the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Library recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting – Continued

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and grants. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For purpose of the Statement of Net Position, the Library's cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Library categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Prepaids

Prepaids are valued at cost, which approximates market. The cost of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

Capital Assets

Capital assets purchased or acquired with an original cost of more than \$5,000, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Capital Assets – Continued

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Library as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. The valuation basis for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

| Buildings and Improvements | 5 - 50 Years |
|-----------------------------|--------------|
| Land Improvements | 20 Years |
| Furniture and Equipment | 5 - 20 Years |
| Vehicles | 8 Years |
| Books and Library Materials | 7 Years |

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents a consumption/acquisition of net assets that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Compensated Absences

The Library accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Notes to the Financial Statements June 30, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Long-Term Obligations

In the government-wide financial statements long-term obligations are reported as liabilities in the governmental activities statement of net position.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Investment in Capital Assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation.

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of "restricted" or "investment in capital assets."

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

Budgets are adopted on a modified cash basis. Annual appropriated budgets are adopted for the General Fund and the capital projects fund. All annual appropriations lapse at fiscal year-end. No supplemental appropriations were necessary in the current fiscal year.

Notes to the Financial Statements June 30, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Library maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "cash and investments." In addition, investments are separately held by several of the Library's funds.

Permitted Deposits and Investments – Statutes authorize the Library to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and Illinois Funds.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. The Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk

Deposits. At year-end, the carrying amount of the Library's deposits totaled \$3,865,818 and the bank balances totaled \$3,693,936.

Investments. The Library has the following investment fair values and maturities:

| | | Investment Maturities (in Years) | | | | | |
|----------------------|--------------|----------------------------------|---------|---------|-----------|--|--|
| | Fair | Less Than | | | More Than | | |
| Investment Type | Value | 1 | 1 to 5 | 6 to 10 | 10 | | |
| | | | | | | | |
| Illinois Funds | \$ 3,816,367 | 3,816,367 | | - | - | | |
| Municipal Bonds | 718,496 | 528,203 | 190,294 | - | - | | |
| U. S. Treasury Bonds | 314,217 | - | 314,217 | - | - | | |
| Money Market | 10,378 | 10,378 | - | - | | | |
| | 4,859,458 | 4,354,947 | 504,511 | - | _ | | |
| | | | | | | | |

The Library has the following recurring fair value measurements as of June 30, 2022:

- U.S. Treasury Bonds of \$314,217 are valued using quoted market prices (Level 1 inputs)
- Municipal Bonds of \$718,496 are valued using other observable inputs (Level 2 inputs)
- Illinois Funds of \$3,816,367 are valued using the net asset value per share as determined by the pool

Debt Securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Notes to the Financial Statements June 30, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Interest Rate Risk, Credit Risk, Concentration Risk, and Custodial Credit Risk - Continued

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. It is the policy of the Library to limit its exposure to interest rate risk by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity. The Library's investment policy does not specifically limit the maximum maturity length of investments.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Library's investment policy states the Library will minimize credit risk by limiting investments to the types of securities permitted under Illinois Public Funds Investment Act, 30ILCS 235/1 and diversify the investment portfolio so that the impact of potential losses from any one type of security or from any one individual issuer will be minimized. At year-end, the Library's investment in the Illinois Funds was rated AAAm by Standard & Poor's and the Library's investment in Municipal Bonds ratings were not available.

Concentration Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the Library's investment in a single issuer. The Library's investment policy does not mitigate concentration risk. In addition to the securities and fair values listed on previous page, the Library also has \$10,378 invested in mutual funds. At year-end, the Library does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Library's deposits may not be returned to it. The Library's investment policy states the Library will minimize custodial risk by maintaining a list of public depositories, financial institutions and broker/dealers authorized to provide deposit and investment services and further states that all public depositories, financial institutions and broker/dealers authorized to provide deposit and investment services must supply as appropriate audited financial statements demonstrating compliance with state and federal capital adequacy guidelines. At year-end, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance.

For an investment, this is the risk that in the event of the failure of the counterparty, the Library will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. At year-end, the Library's investment in the Illinois Funds is not subject to custodial credit risk.

Notes to the Financial Statements June 30, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

PROPERTY TAXES

Property taxes for 2021 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about June 1 and September 1. The County collects such taxes and remits them periodically.

CAPITAL ASSETS

Governmental Activities

Governmental capital asset activity for the year was as follows:

| | Beginning | | | Ending |
|--------------------------------------|-----------|-----------|-----------|-----------|
| | Balances | Increases | Decreases | Balances |
| Nondepreciable Capital Assets | | | | |
| Land | \$ 58,000 | - | - | 58,000 |
| Depreciable Capital Assets | | | | |
| Buildings and Improvements | 2,979,870 | - | - | 2,979,870 |
| Land Improvements | 259,470 | 53,640 | 48,009 | 265,101 |
| Furniture and Equipment | 723,619 | - | 29,571 | 694,048 |
| Vehicle | 17,630 | - | - | 17,630 |
| Books and Library Materials | 2,602,270 | 327,875 | 219,798 | 2,710,347 |
| | 6,582,859 | 381,515 | 297,378 | 6,666,996 |
| Less Accumulated Depreciation | | | | |
| Buildings and Improvements | 2,313,371 | 126,844 | - | 2,440,215 |
| Land Improvements | 227,062 | 8,345 | 15,601 | 219,806 |
| Furniture and Equipment | 603,858 | 49,725 | 28,757 | 624,826 |
| Vehicle | 12,122 | 2,204 | - | 14,326 |
| Books and Library Materials | 1,687,219 | 320,824 | 219,798 | 1,788,245 |
| | 4,843,632 | 507,942 | 264,156 | 5,087,418 |
| Total Net Depreciable Capital Assets | 1,739,227 | (126,427) | 33,222 | 1,579,578 |
| Total Net Capital Assets | 1,797,227 | (126,427) | 33,222 | 1,637,578 |

Depreciation expense of \$507,942 was charged to the culture and recreation function.

Notes to the Financial Statements June 30, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

LONG-TERM DEBT

Long-Term Liability Activity

Changes in long-term liabilities during the fiscal year were as follows:

| | Е | Beginning | | | Ending | Amounts Due within |
|-----------------------------------------------------------|----|-------------------|-------------|------------------|---------------------|--------------------|
| Type of Debt |] | Balances | Additions | Deductions | Balances | One Year |
| Compensated Absences Net Pension Liability/(Asset) - IMRF | \$ | 74,189 206,733 | 10,444 - | 5,222 823,406 | 79,411 (616,673) | 15,882 |
| | | 280,922 | 10,444 | 828,628 | (537,262) | 15,882 |

For the governmental activities, the compensated absences and net pension liability/(asset) are generally liquidated by the General Fund.

Legal Debt Margin

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes provides, "...no municipality having a population of less than 500,000 shall become indebted in any manner or for any purpose, to an amount, including existing indebtedness in the aggregate exceeding 2.875% on the value of the taxable property therein, to be ascertained by the last assessment for state and county purposes, previous to the incurring of the indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the municipality's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979."

| Assessed Valuation - 2021 | \$ 2,307,214,011 |
|---------------------------------------------|------------------|
| Legal Debt Limit - 2.875% of Assessed Value | 66,332,403 |
| Amount of Debt Applicable to Limit | |
| Legal Debt Margin | 66,332,403 |

NET POSITION/FUND BALANCES

Net Position Classification

Net investment in capital assets was comprised of the following as of June 30, 2022:

Governmental Activities
Investment in Capital Assets

1,637,578

Notes to the Financial Statements June 30, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

NET POSITION/FUND BALANCES - Continued

Fund Balance Classifications

In the governmental funds financial statements, the Library considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Library first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Trustees' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Trustees itself or b) a body or official to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. The Library's highest level of decision-making authority is the Board of Trustees, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The Library policy manual states that the General Fund should maintain minimum fund balance equal to 25% and no more than twelve months of budgeted operating expenditures. Fund balances in excess of said levels may be transferred to the Capital Projects fund.

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

Notes to the Financial Statements June 30, 2022

NOTE 4 – OTHER INFORMATION

CONTINGENT LIABILITIES

Litigation

The Library is not involved in any lawsuits.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Library expects such amounts, if any, to be immaterial.

Notes to the Financial Statements June 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

CONTINGENT LIABILITIES - Continued

JOINTLY GOVERNED ORGANIZATIONS

The Library participates in Cooperative Computer Services (CCS). CCS is an intergovernmental instrumentality formed by library members of the North Suburban Library System, and exists to administer a jointly owned integrated library automation system. CCS's governing board is comprised of one member from each participating library. No participant has any obligation, entitlement, or residual interest in CCS. In order to terminate membership in CCS, member libraries must provide one-year notice of termination. The Library's expenditures to CCS for the year ended June 30, 2022 was \$60,893.

RISK MANAGEMENT

The Library is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Library's employees. These risks are provided for through insurance from private insurance companies. The Library currently reports all its risk management activities in the General Fund. The Library increased insurance coverages from the prior year to account for improvements made to the Library and settlements did not exceed insurance coverage in any of the past three fiscal years.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

Illinois Municipal Retirement Fund (IMRF)

The Library contributes to one defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

Notes to the Financial Statements June 30, 2022

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Description

Plan Administration. All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions – Continued

Plan Membership. As of December 31, 2021, the measurement date, the following employees were covered by the benefit terms:

| Inactive Plan Members Currently Receiving Benefits | 42 |
|------------------------------------------------------------------|-----|
| Inactive Plan Members Entitled to but not yet Receiving Benefits | 40 |
| Active Plan Members | 36 |
| Total | 118 |

Contributions. As set by statute, the Library's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the fiscal year ended June 30, 2022, the Library's annual contribution rate for the year was 10.24% of covered payroll.

Net Pension Liability. The Library's net pension liability was measured as of December 31, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2021, using the following actuarial methods and assumptions:

| Actuarial Cost Method | Entry Age Normal |
|----------------------------------------|---------------------|
| Asset Valuation Method | Market |
| Actuarial Assumptions Interest Rate | 7.25% |
| Salary Increases | 2.85% - 13.75% |
| Cost of Living Adjustments | 3.25% |
| Inflation | 2.25% |

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions – Continued

For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Actuarial Assumptions – Continued

| | | Long-Term |
|---------------------------|--------|----------------|
| | | Expected Real |
| Asset Class | Target | Rate of Return |
| | | |
| Fixed Income | 25.00% | (0.60%) |
| Domestic Equities | 39.00% | 1.90% |
| International Equities | 15.00% | 3.15% |
| Real Estate | 10.00% | 3.30% |
| Blended | 10.00% | 1.70% - 5.50% |
| Cash and Cash Equivalents | 1.00% | (0.90%) |

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions – Continued

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same in the prior year valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Library contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the pension liability/(asset) of the Library calculated using the discount rate as well as what the Library's net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

| | Current | | | | |
|-------------------------------|-------------|---------------|-------------|--|--|
| | 1% Decrease | Discount Rate | 1% Increase | | |
| | (6.25%) | (7.25%) | (8.25%) | | |
| Net Pension Liability/(Asset) | \$ 247,133 | (616,673) | (1,289,449) | | |

Notes to the Financial Statements June 30, 2022

NOTE 4 - OTHER INFORMATION - Continued

OTHER POST-EMPLOYMENT BENEFITS

The Library has evaluated its potential other postemployment benefits liability. Former employees who choose to retain their rights to health insurance through the Library are required to pay 100% of the current premium. However, there is minimal participation. As the Library provides no explicit benefit, and there is minimal participation, there is no material implicit subsidy to calculate in accordance with GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Therefore, the Library has not recorded a liability as of June 30, 2022.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information includes financial information and disclosures that are required by the GASB but are not considered a part of the basic financial statements. Such information includes:

- Schedule of Funding Progress and Employer Contributions Illinois Municipal Retirement Fund
- Schedule of Changes in the Employer's Net Pension Liability Illinois Municipal Retirement Fund
- Budgetary Comparison Schedule General Fund

Notes to the Required Supplementary Information

Budgetary Information – Budgets are adopted on a basis consistent with generally accepted accounting principles.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

• Budgetary Comparison Schedules – Major Governmental Funds

INDIVIDUAL FUND DESCRIPTIONS

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

CAPITAL PROJECTS FUND

Capital Projects Funds are used to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary and Trust Funds.

Special Reserve Fund

The Special Reserve Fund is used to account for future capital improvements at the Library.

PERMANENT FUND

Permanent Funds are used to account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs, that is, for the benefit of the government or its citizenry.

Working Cash Fund

The Working Cash Fund is used to account for payments for general government expenditures if tax revenue is temporarily unavailable. Upon receipt of tax revenues, the general fund must repay this permanent fund.

Special Reserve - Capital Projects Fund

STATISTICAL SECTION (Unaudited)

This part of the annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Data Source: Office of the County Clerk

Assessed value is set by the County Assessor on an annual basis. The assessment level is then adjusted by the State with a County Multiplier based on the factor needed to bring the average prior years' level up to 33-1/3% of market value. All property is reassessed on a repeating triennial cycle.
