## THE BENEFITS OF SUMMER READING ARE CLEAR

Summer is definitely “high season” at the library as summer reading seems to inspire readers of all ages to grab an inviting book and kick back in the shade for some well-deserved relaxation. For students and adults who read a lot for school or work, reading can sometimes feel like a chore. Summer reading encourages us to read for pleasure as well. Consider these benefits from the Illinois Library Association:

- National research from Dominican University finds that students who participate in public library summer reading programs scored higher on reading achievement tests at the beginning of the next school year than those who did not participate.
- Parents of children enrolled in the public library summer reading program reported that their children spent more time reading over the summer, read more books, were well prepared for school in the fall, and read more confidently.
- Young people experience learning losses when they don't engage in educational activities during the summer. Research spanning 100 years shows that students typically score lower on standardized tests at the end of summer vacation than they do on the same tests at the beginning of the summer. Libraries are part of the solution.
- There's so much to see, so much to do at your library! There's no better place to take your kids. The library is a place to learn, read, and have fun...a place the whole family can enjoy.
- Studies show that children who are read to in the home and who use the library perform better in school and are more likely to continue to use the library as a source of lifetime learning.

This year our summer reading challenge theme is “A Universe of Stories.” We invite the entire community to sign up, read, and participate in the many special programs we have planned.

## ON TO THE NEXT CHAPTER...

Leading the FRVPLD for nearly 10 years has been the most fulfilling period of my entire career. During my tenure, I built and mentored a dedicated and passionate staff team. We made an amazing amount of progress together, but now FRVPLD is ready for a new chapter of leadership. The time is right and I am ready for my next chapter—spending more time cherishing family and adventuring with my husband while we are both still in good health. Life is fleeting, so I feel exceedingly blessed to be able to make that choice at this time.

## RETIREMENT CELEBRATION FOR ROXANE BENNETT

You are invited to an open house in honor of Roxane Bennett, Fox River Valley Public Library Director.

Please join us on Friday, June 21 from 3 to 5 p.m. at the Dundee Library, 555 Barrington Ave. in East Dundee. Light refreshments will be served.

## Lauren Rosenthal will take over as Library Director on June 22

The Fox River Valley Public Library District Board of Trustees has named Lauren Rosenthal as the next Library Director.

Left to right: Roxane Bennett, Lauren Rosenthal, and Richard Corbett.

Rosenthal most recently served as Deputy Director, responsible for budgeting, operational matters, supervision of the public services departments and collections, and special projects such as the summer lunch program. She joined the FRVPLD staff in 2014, and holds a Bachelor of Science degree in Business Administration from Duquesne University in Pittsburgh, and a Master's Degree in Library Science from Dominican University.

“The board has watched Lauren develop in her capacity as Deputy Director and we believe that she is ready to take on the role of Director. Lauren has a well-rounded background and experience set that fits well with the board's assessment of the requirements for the next director going forward,” said Richard Corbett, Library Board President.

Rosenthal will become library director effective June 22. “I've lived in the area for more than 20 years, and I'm looking forward to seeing what the library can become as our communities continue to grow,” said Rosenthal.
