This year's "Oceans of Possibilities" Summer Reading Challenge theme illustrates the endless possibilities of discovery at the library — from humanity and nature to culture and science. We've used the theme to develop a log of programs and events to help you get the most out of your library value, have fun, and learn something new.

National research finds that **students who participate in library summer reading programs scored higher on reading achievement tests** at the beginning of the next school year than those who did not participate. The mission of summer reading challenges is to provide student

with the tools to bridge this summer gap, while **inspiring literacy, learning and a life-long love of reading** in readers of all ages.

The 2022 summer reading challenge will be offered using the online platform **Beanstack**. Participants earn badges by reading and completing activities. It is available using a web browser or an easy, fun to use app for all mobile devices. **Patrons can also register at the library** and keep track of their progress with a paper log, if preferred. Turn to page 3 for more info on prizes and how to sign up.

Sign up for the summer reading challenge and receive a limited edition beach bag!

DIRECTOR'S MESSAGE

Summer is our favorite time of the year at the Fox River Valley Libraries! With the Summer Reading Challenge, free summer lunches, and a full menu of programs for all ages and a multitude of interests, we look forward to the steady stream of patrons who take full advantage of all the library has to offer. If you are new to the area or haven't been a frequent user, we hope you will add a library visit to your regular routine.

This year's "Oceans of Possibilities" summer reading theme illustrates the infinite opportunities reading provides. The right book (we can help you with that) can transport you to places you've never been, introduce you to people you've never met, and guide you in personal growth and learning. We offer an extensive variety of physical and digital materials, so you can take the library with you wherever you go.

According to the American Library Association, summer reading programs situated in libraries date back to the 1890s, when they were geared toward children in urban areas (not involved in farm work) to encourage reading during summer vacation. These programs, with the goals of preventing summer learning loss, building reading skills, and encouraging lifelong reading practices, are very prevalent today.

Another source of our summer traffic is our annual Summer Lunch program. This is the sixth year we will partner with the Summer Food Service Program, a federally funded program managed by the USDA and operated by the Illinois State Board of Education in conjunction with the Northern Illinois Food Bank.

Children need good nutrition all year long. When school is out during the summer, many children no longer have access to even one nutritious meal each day. Summer Meal Programs help to fill the gap. We welcome all children 18 and under to dine with us Monday through Friday from noon to 1 p.m. in the Craft Room at the Dundee Library.

Have a great summer, and we hope to see you soon!

"Take What You Need, Give What You Can" Dundee Library Little Free Pantry

All are welcome to take and give at the newly installed Little Free Pantry, located in the lobby of the Dundee Library. It is a very simple operation...if you need something, take it. If you have something to donate, just leave it. The pantry is accessible during all Dundee Library open hours. It follows the service model of the first Little Free Pantry (LFP) that started as a grass roots movement in Arkansas in 2016.

LFP is for everyone: for those not easily able to meet everyday food and personal needs, for a hungry kid after school, or a home cook who forgot to buy noodles. LFP is a centrally-located reminder of our neighbors' need that creates neighborhood space for exercising compassion, trust, and mutual aid.

Our pantry started out with stock donated by the FRVPLD staff. If you would like to donate, please know that all food donations must be nonperishable and unexpired. Foods such as canned fruits and vegetables, canned soups, spaghetti sauce and pasta, rice, beans, peanut butter and jelly, cereals, baby food are always needed. We also welcome donations of personal care and hygiene products, such as soap, toilet tissue and wipes, paper towels and tissues, feminine hygiene products, shampoo, deodorant, toothpaste.
