# DIRECTOR'S MESSAGE

## CARES ACT REIMBURSEMENT

Like all businesses and organizations, the Fox River Valley Public Library District incurred unexpected expenses in 2020 for needs caused by the arrival of the coronavirus. I thought it would be important to let patrons know that all of those expenses have been covered by the CARES Act.

Kane County Board member Chris Kious, with whom I serve in the Rotary Club of Carpentersville-Morning, brought to my attention that the Kane County CARES Act Allocation Committee was distributing funds to special districts such as townships, park districts and forest preserves, but not libraries. The U.S. Department of Treasury allocated \$92,900,218 of Coronavirus Relief Funds to Kane County under the CARES Act to help alleviate the impact of the COVID-19 pandemic in our communities.

I attended the CARES Act Allocation Committee meeting back in August to request that library districts, of which there are 11 in Kane County, be included. I would like to thank and acknowledge local Kane County Board members Cliff Surges and Jarett Sanchez, who are also on the Kane County CARES Act Allocation Committee, who listened to our request and provided much needed relief for our taxpayers.

The Kane County Board authorized \$250,000 in CARES Act funds for library districts. FRVPLD will receive \$48,109.27 to cover expenses already incurred, such as:

- Supplies for curbside summer meal pick up like ice packs, coolers and a refrigerator which allowed the library to distribute more than 12,000 free boxed meals to children.
- 50 additional Wi-Fi hotspots to facilitate students' distance learning and two outdoor Wi-Fi antennas to improve wireless access outside the Dundee Library.
- Supplies needed to offer home delivery and curbside pickup of library materials like reflective vests, traffic cones, plastic bags, and signage.
- Plastic bins necessary to quarantine recently returned materials.
- Cleaning supplies necessary to disinfect and clean the libraries to safeguard employees and patrons.
- Masks, gloves, thermometers, hand sanitizer, sneeze guards, and safety guideline signage.
- Professional sanitation services for both library locations.
- Technology such as webcams, a digital platform for the summer reading challenge, and Zoom administrative fees for virtual programming.

We can now make sure those budget dollars are used to support our patrons with physical and digital materials and resources as well as the services and assistance we provide that are needed now more than ever.

## PARTING WORDS

I've loved working at the Fox River Valley Public Library District the past seven years. I'm so proud of all that we've accomplished together. I know patrons appreciate the kindness and good service our team offers every day – I read your comments on social media and submitted on comment cards – but let me tell you, it's been a real pleasure to get to work with them all. This team truly cares about our community. I will miss working here, and miss working with them all.

## BOARD PRESIDENT'S MESSAGE

The Fox River Valley Public Library District Board of Trustees appointed Roxane Bennett as Interim Library Director at a special meeting on Nov. 5. The appointment is in response to the resignation of current director Lauren Rosenthal, who has accepted the position of Library Director at the Ela Area Public Library in Lake Zurich.

We are truly sorry to see Lauren leave our library as she has done such a wonderful job and accomplished much as our director over the past 17 months. At the same time we recognize that she has a great opportunity before her, and we wish her all the success possible in her new position.

Roxane served as FRVPLD's director from 2009 until her retirement in 2019. She will begin the interim position on Dec. 12. Roxane is a proven leader who will keep our library moving forward. She has earned the board's trust over time and we are confident she will use good judgment in all matters related to the library.

Lauren joined the Fox River Valley Libraries in 2014 as Assistant Director. As you know, she has served as director since June 2019 after the retirement of Roxane. During her tenure, Lauren has made significant contributions to the libraries, including one of the first Government Finance Officers Association Awards for Excellence in Financial Reporting given to libraries and an upgrade to transparency reporting as the first library in the nation to use the OpenGov platform.

Always mindful of community needs, Lauren oversaw a revamping of library services and programs to comply with safe opening guidelines during an unprecedented service disruption due to the pandemic, introduced home delivery of library materials, license plate renewals, elimination of late fees, and expanded notary public and USDA free meal services to area residents. She has been an active member of the Rotary Club of Carpentersville-Morning and has supported numerous other community organizations and businesses. Her last day will be Dec. 11.

It will do this by asking you questions about your skills, strengths, personality, interests, and more.

To access eParachute, start on our website at [www.frvpld.info](http://www.frvpld.info). Click on the Research tab, and scroll down to the Brainfuse: JobNow website. Create a free account. eParachute can be found in the “Study” column.
